### What people say about Hellene Travel:

"Thank you so much for taking the time to help with all that – invaluable advice and I have a much clearer idea of what we can do when we get there. Thank you for being such a star with all the planning – I don't know how we'd have sorted it all out without you."

**Royal High School Bath**

"Sorry it is a bit belated but just wanted to say a big thank you for everything you did in arranging our trip to Greece. The staff and girls had a fantastic time and everything ran very smoothly. Our courier, Melina, was very helpful on the final day which made a big difference in Athens and a special mention has to go to our bus driver - Dimitris from Argos - who was absolutely fantastic in every regard and who I would definitely request to have with us again if it were possible in the future.

We had a brilliant time, even some driving rain at Segesta and Dickensian fog in Erice didn't ruin it. We had beautiful weather for the rest of the trip so can't complain!"

**St Francis School**

"I have filled in the questionnaire. I wasn't able to leave as much commentary as I wished. You were absolutely brilliant and we had no problems anywhere on the trip - not always our experience on trips! The minor flight name issue was sorted out extremely efficiently and quickly by you and when I called to cancel dinner in Erice that was dealt superbly. We loved both our coach drivers - father and son! - Guiseppe and Salvo who are both extremely punctual and helpful."

**Alleyn's School**

"We have returned! We all had a lovely time in Greece. Everything that could have gone *right*, did so. Thanks to you both. Superlative service and professionalism! Your expert handling of all aspects of the trip, *made* the trip. Well done! Please pass on these sincere expressions of satisfaction to Mr. & Mrs. Thomason.

I must also add that you have made an excellent choice in Mr. Amoratis and his son. At no point did they let us worry about anything. Everything fell beautifully into place. Their choice of hotels and restaurants could not be improved upon."

**St John's Senior School**

"I would like to give personal praise to your educational tours representative Francesca Jacques. I have taken many trips to Classical sites over the last eight years and not one representative has ever been as professional, helpful and amicable as Francesca has been. I particularly appreciated that she had a personal passion and insight into the Classical sites and the lengths she went to make sure that everything was tailored to our needs and that we had an amazing trip."

**Westholme School**
